**DESTRUCTIVE HAZARDS IN FRANCE AND BELGIUM.**  
The French journals are still filled with the details of damage caused by the hailstorm of the 8th of July. The *Journal de Rouen* says the price of glass in that city has advanced in consequence some thirty per cent., and great difficulty is experienced in procuring workmen to make the necessary repairs. The total loss to that city and environs is estimated at eight hundred thousand francs. Over 2,700 panes were broken in the Hotel de Ville, and in the whole city not less than 100,000 panes. The most serious and irreparable injury was done to the churches of Notre Dame, Saint Ouen, Bon Secour, &c., which have been badly damaged by the torrents which succeeded. All the glass in the "Jardens des Plantes" was also broken. This storm extended also to Belgium, and the Brussels papers give us scarcely less terrible accounts. In its course it has everywhere prostrated large trees, and destroyed the crops. Some of the hailstones, gathered after it had passed, weighed more than two ounces. Birds in great numbers have been found dead in the fields.

**FROM THE PROVINCES.**  
The Admiral, from St. John, arrived yesterday afternoon, and Colonel Favour furnished us with St. John papers of Monday, and other late journals. The *Pictou Chronicle* of the 29th ultimo has the following:  
"H. M. S. Devastation left on Sunday morning for the fishing grounds. The last English mail brought intelligence of Captain Campbell's promotion, and it is reported that he will leave this station, and that Lieutenant De Horsey, of the flag ship, will be promoted to the command of the Devastation."  
"The drought of the past week has been excessive. On Saturday the thermometer stood at 94 in the shade, and in the sun nearly 130. On Sunday there were several refreshing showers, that have very much improved the appearance of the country; but there is yet need of more. Haying is generally begun; this article of produce will be scarce and high in consequence of the drought. It is now selling at 43 per ton, dried green from the field."  
There were in Richibucto harbor on the 23d ultimo six Prussian, four American, three British, one Hanoverian, and two new ships.

**SPANISH NAVY.**  
There are now at Havana 12 Spanish armed vessels, varying from 4 to 44 guns each, with an aggregate of 265 guns.

**MARRIED.**  
On the 2d instant, by the Rev. WILLIAM HANK, Mr. THOMAS C. PRICE to Miss JOHANNA PEARSON, all of this city.

**DIED.**  
At noon on Friday the 5th instant, in the sixty-second year of her age, Mrs. MARY GIDEON, the wife of JACOB GIDEON, and the mother of the Publisher of this paper.  
Her funeral will take place this (Saturday) afternoon at five o'clock, from her late residence, on Seventh street opposite the Post Office. The friends of the family are invited to attend without further notice.  
Yesterday at noon, after a long and painful illness, which she bore with christian patience and fortitude, Mrs. MARGARET Y. HARKNESS, consort of JONAS C. HARKNESS.  
Her funeral will take place from her late residence on New York avenue this (Saturday) afternoon at four o'clock. Her friends and acquaintances are requested to attend without further notice.

**BY TELEGRAPH.**  
**Arrival of the Niagara—Three Days Later from Europe.**  
The Eastern Difficulty Nearly Adjusted—The *Czar Reported to have Accepted Terms Proposed by France—Cotton Improves—Broadstuffs Advanced.*  
HALIFAX, August 4.—The royal mail steamer Niagara arrived here this morning, from Liverpool, with dates to the 23d instant, and one hundred passengers.  
The Niagara sailed for Boston about noon, after taking in her supply of coal.  
The United States ships Vincennes, John Hancock, Portland, and Porpoise were at Madeira on the 7th of July. The ship Fenimore Cooper was also there.  
It is reported that the *Czar* of Russia has accepted the terms proposed by the French, and consequently all the markets are brisk.  
Nothing later has been received with regard to the Hungarian refugee, Colonel Koszta.  
It is reported that Lord Palmerston will soon take the office of Secretary of Foreign Affairs, the Earl of Clarendon exchanging for the home department.  
The Earl of Portsmouth's death is announced.  
FRANCE.  
It is reported that the condition of the Empress Eugenie required a postponement of the contemplated visit to the Pyrenees.  
The Paris press considers the Eastern question as being definitely settled.  
The Porte has paid into the French treasury the price demanded for the 40,000 rifles furnished him.  
The number of persons arrested for being implicated in the supposed conspiracy to assassinate the Emperor at the opera is over 200.  
Switzerland intends making certain diplomatic representations to France.  
Austria will send a Minister to France instead of a Charge.  
RUSSIA.  
The Russian Chancellor is said to have declared to the French Ambassador that the *Czar* will welcome the arrangement held out for his acceptance. The only delay in completing the negotiation would be occasioned by the necessity of obtaining the consent of Austria, which is said to be already on the way to St. Petersburg.  
TURKEY.  
A rumor was circulated in Paris that the American Minister at Constantinople had addressed a note to the Porte, announcing that the United States would support Turkish integrity and henceforth claim a voice in the affairs of Europe.  
It has been telegraphed from Constantinople, under date of 11th of July, that a conciliatory note had been issued by Reschid Pasha, of a nature calculated to bring the pending negotiations with Russia to an immediate conclusion.  
The English and French fleets were still in Bessia bay.  
A semi-official correspondent says that the conduct of the commander of the United States ship St. Louis in the Koszta affair, at Smyrna, has excited an indescribable indignation in the minds of all the consuls and well-disposed population of Smyrna. It is also said that the Austrian brig-of-war *Arctonova* is continually hovering around the American corvette. An American steamer was expected to arrive at Smyrna soon, it being pretty evident that Captain Stringham represents the feeling of the American nation.  
AUSTRIA.  
A domiciliary visit has been made to the correspondents of the *London Times* at Vienna. Several arrests followed.  
The Austrian Cabinet had received a telegraph despatch from Berlin, dated the 29th, stating that the *Czar* had actually accepted the proposals offered by France and England.  
This report had caused considerable improvement in the French and English funds.  
Seven cart loads of Hungarian prisoners were recently taken into Pesth. Their offence was not known.  
ITALY.  
The sentence of Guerrazas has been commuted to perpetual banishment.  
Don Bonaccasi has been imprisoned at Naye, for treason.  
A despatch from Milan says that the Austrian police were on the trial of a projected insurrection in Central Italy.  
BAVARIA.  
The Bavarian government has announced an intention of holding a World's Fair at Munich next year.  
SWITZERLAND.  
Austria continues to block the Swiss frontier as vigorously as ever.  
BARBARY.  
The Bey of Tunis has forbidden exports of breadstuffs from the Barbary States, in consequence of an apprehended deficiency in the crops.  
MARKETS.  
Liverpool, July 23.—The Baltic's advices had a favorable effect on the cotton market, and a large business has been done at firm prices. The sales have been large in the home trade, and there has been a large speculative demand. Prices have improved, especially fair and middling qualities—advance 1-16 a lb. Sales to-day 11,000 bales. Sales for the week, 86,500 bales; sales to speculators, 13,500; and to exporters, 7,350 bales; stock at Liverpool, 850,000 bales. The quotations are as follows: Fair Orleans, 7d.; middling do., 6 3/4; 6 1/2; fair Mobiles, 6 1/2; middling do., 6 1/2; fair Uplands, 6d.; middling do., 6d.  
Liverpool, July 23.—The markets for broadstuffs were considerably excited during the week, in consequence of heavy rains, and the opening of the French ports for the free importation of grain. Business in flour had been large, at an advance of 9s. 1s. Wheat was in good demand, at 3d. a 3d. dearer.  
In Indian corn there was but little doing, but prices were 6d. higher.  
Demintion quotes all qualities of flour considerably advanced, with a large business doing, say 3d. a lb. advance. This is owing partly to the opening of the French ports to flour. The quotations are: Western canal 37s. 6d.; Philadelphia 38s. 6d.; Baltimore 38s. 6d.; Ohio 38s. 6d. a 3d. 11d.  
Corn.—The prices for corn are stiffer, but do not alter quotations. White and yellow 31s. a 32s.  
Liverpool, July 23.—A small business has been doing in beef and pork.  
Bacon.—Prices are firm, except for shoulders, which are dull, with a declining tendency.  
Tennessee Election.  
CLEVELAND, OHIO, August 5.—A despatch from Helena, Arkansas, states that Greenwood and Warren, Democrats, are undoubtedly elected to Congress.  
Missouri Election.  
ST. LOUIS, August 4.—It is now nearly certain that J. J. Lindley, Whig, has been elected to Congress from the third district, instead of C. J. Jensen, Democrat. The election of Samuel C. Ruthers, Whig, in the seventh district, is confirmed. This would make the delegation from Missouri stand 5 Whigs to 2 Democrats.  
Address of Welcome.  
CINCINNATI, August 4.—W. F. Lyons, of this city, left here to-day for New York, to present a congratulatory address to Mr. O'Donoghue, the Irish exile, prepared by order of a meeting of the citizens of Cincinnati.  
Western Navigation.  
PITTSBURGH, August 4.—The river has risen several inches at this point, and is now in good navigable order. The water is standing at thirty-five inches.

**Railroad Riot—Three Killed and Six Wounded.**  
CINCINNATI, August 4.—A fearful riot occurred near Laurenceburg, Indiana, on Sunday last, between two parties of laborers on the Ohio and Mississippi railroad. Three persons were killed and six wounded.  
MARKETS.  
NEW YORK, August 5.—Flour has advanced 12 cents per barrel under the steamer's news. Sales of 7,750 bbls. at \$5 31 a \$5 37 1/2 for State; \$5 37 1/2 a \$5 50 for Genesee; and \$5 37 1/2 a \$5 68 1/2 southern.  
Wheat has advanced 2 a 3 cents. Sales of 20,000 bushels at 134 a 135 cents for white, 120 for southern red, and 140 for Genesee white. Corn is firm; sales of 3,000 bushels at 78 for mixed and 79 for red.

LOCAL MATTERS.  
GREENOUGH'S STATUARY.—The brig *Ottar Gull* has arrived at the Washington group of statuary, representing a scene in American frontier life—a white settler rescuing his wife from the assault of a merciless savage. It is to be placed on the east portico of the Capitol, opposite to the figures of Columbus and the Indian maiden. About eighteen months ago a United States store ship was despatched to Italy for the purpose of bringing the group hither, but the hatchway of the vessel was too small to admit it, and the commander would not permit the opening to be enlarged. The Navy Department, however, provided the *Ottar Gull* for the purpose; and we now have the gratification to announce that the work of art has safely arrived. It will soon be transferred from the vessel to the pedestal which it is to occupy.  
THE CRYSTAL PALACE.—Several days ago we suggested that the proprietors of the railroad companies between Washington and New York would find it much to their advantage to issue round-trip tickets between those points during the continuance of the exhibition, placing the fare at the lowest rates. There are hundreds of persons without the District of Columbia, and thousands without, who would gladly avail themselves of such an arrangement, and thus add largely to the receipts of the companies; whereas, under the stationary prices, they will remain at home. We trust that the public desire in the particular mentioned will be gratified.  
THE "COLORED POPULATION."—According to the census of 1820 there were in this city one thousand nine hundred and forty-five slaves; in 1850 two thousand one hundred and thirteen; or, during a period of thirty years, a clear increase of only one hundred and sixty-eight, while the number of free negroes has increased from one thousand and six hundred and ninety-eight to eight thousand and seventy-three—a clear increase of six thousand and thirty-five. The aggregate population was, in 1820, thirteen thousand two hundred and forty-seven—the free negroes constituting about one-eighth part of it. In 1850, with an aggregate population of forty thousand and one, the free colored population formed about one-fifth. The colored population, free and slave, is now more than one-fourth that of the white.  
The corporate authorities have endeavored to prevent the influx of free negroes from the adjoining States; but the laws are either faulty in their provisions or the police officers derelict in duty. Bond and security, and the payment of an amount of money annually, rarely can be obtained of those "colored people" who, coming hither, prefer the capital of the country for a permanent residence. Daily there are accessions to the population, both from without and within the municipal limits—the latter naturally to be expected.  
Although there are not a few worthless free negroes, there are some who conduct themselves with propriety and credit, and thus secure the respect which good conduct ever elicits. These have earnestly engaged in the work of education, encouraged, in many instances, by their white neighbors. It is no uncommon thing to see crowds of colored children on their way to day as well as Sabbath school; and, according to our information, "they make much progress in their studies."  
THE MATCH RACE over the Columbia Trotting Course, yesterday afternoon, was largely attended; the weather being fine and the horses entered having a good reputation. The trotting was for two hundred dollars, and fifty added by the proprietor; mile heats, best three in five, to skeleton wagons. "Scottie," of Philadelphia, for the proprietor, mile heats, best three in five, to skeleton wagons. "Scottie," of Philadelphia, for the proprietor, mile heats, best three in five, to skeleton wagons. "Scottie," of Philadelphia, for the proprietor, mile heats, best three in five, to skeleton wagons.  
The best time made was two minutes and fifty seconds. There was much attendant excitement, and the trotting was esteemed most excellent, as we learn from a lover of "fast horses" who never fails to be present on such occasions.  
SMALL SILVER CHANGE.—There is much complaint about the scarcity of silver change for ordinary business transactions, and what we have is, for the most part, (exclusive of three cent pieces), of foreign stamp. We hear much about the new American coinage, but see little or none of it in this vicinity.  
MORIBUND CURIOSITY.—A gentleman informs us that while he was on his way to Baltimore, yesterday morning, a large number of persons, including women and children, got into the cars at different places on the line, for the purpose of being conveyed to that city to see the unfortunate youth, Connor, hanged.  
CAPTAIN ISAAC WATTS GRIFFITH, of Iowa, who lost an arm at Churubusco, has been appointed by the Commissioner of Public Buildings one of the Capitol police, in the place of Mr. John W. Jones, of Ohio. This gentleman was an efficient and courteous officer, but a "political necessity" demanded his removal.  
CHRISTENING.—Among the incidents of a Sunday school picnic at Arlington recently, was the christening of a little boy by a minister, who pronounced the name of the child to be Clarence Arlington. G. W. P. Curtis was present at the celebration of the ordinance.  
NOTICE.—The members of the Mercantile Library Association are hereby notified that the reading rooms of the Association will be open on TUESDAY, 26th instant, from 6 o'clock to 9 o'clock, a. m., and from 4 o'clock to 10 o'clock, p. m.  
The rooms to be reopened daily at the above hours, until further notice.  
By order of the Board of Directors:
